EXPLORING NEW HORIZONS IN LAW: INSIGHTFUL CAREER GUIDANCE SESSION BY O.P. JINDAL GLOBAL UNIVERSITY

The BCM Career Cell organized an enlightening session for the Legal Studies students, conducted by Ms. Garima from O.P. Jindal Global University, Sonipat, on the topic “Emerging Careers in the Field of Law.”

The session aimed to broaden students’ understanding of the ever-evolving legal landscape and the wide range of career avenues available in this dynamic field. Ms. Garima emphasized how the practice of law today extends far beyond traditional courtroom roles, opening doors to exciting opportunities in Corporate Law, Cyber Law, Environmental Law, and Intellectual Property Rights.

She provided detailed guidance on major law entrance examinations such as CLAT, AILET, LSAT, and LNAT, offering valuable tips for preparation and insights into admission processes for top law universities in India and abroad. Students also learned about the importance of developing analytical thinking, communication skills, and a strong ethical foundation to thrive in the legal profession.

The resource person elaborated on how globalization, technological advancement, and increasing corporate regulations have transformed the scope of legal careers. She also discussed the growing demand for legal experts in sectors like media, technology, sustainability, and international relations.

BCM SCHOOL AMONG SELECT INSTITUTIONS TO BE PART OF BRILLIKO’S GRAND FILM FIESTA 3.0

Brilliko Institutes, a leading name in multimedia education, graphics, filmmaking, animation, and web design, is set to host the third edition of its Grand Film Fiesta, a national platform celebrating young creators and their cinematic vision.

Ms. Shagun, Head of Brilliko Institute, Sector 32, along with Mr. Naveen, Coding Head, visited BCM School to personally extend the invitation for the prestigious event. The fiesta will feature films produced by students from across India, along with special screenings of short films by BCM alumni, who are now pursuing advanced multimedia courses at Brilliko.

The event will also be graced by eminent personalities from the film and media industry, offering valuable exposure and inspiration to budding filmmakers. Being among the five select schools from the city chosen to participate, BCM School takes pride in this recognition, which underscores its growing prominence in Mass Media education and creative learning.

FOUNDATIONAL STAGE CONDUCTED

“ARTICLES IN ACTION: LEARNING WITH FUN”

An activity on use of articles ‘A’ and ‘An’ was conducted to enhance language skills. Students of UKG used placards and word cards to identify nouns and place the correct article before them. The fun-filled activity helped them understand the concept effectively.

The engaging approach turned grammar learning into an enjoyable experience, fostering both confidence and curiosity among the young learners. The activity not only strengthened their vocabulary but also encouraged active participation and teamwork in the classroom.
